MEMORIAL LEAF ON THE TREE OF LIFE SCULPTURE IN THE GARDEN OF HOPE

The newly installed Tree of Life sculpture is designed to hold durable, polished stainless steel "leaves" on which an inscription can be engraved with names and dates to commemorate the departed and those whose ashes are buried in the Garden of Hope, by permission of the Vicar of St Peter's, the incumbent. Flowers may be placed in the specially designed holders around the sculpture plinth.

Cost - £375

Includes polished stainless steel leaf, engraving, fixing, statutory Church of England fees for memorials and contribution towards the ongoing maintenance of the sculpture and the churchyard.

Please apply on the application form available from the church office – a separate form for each leaf is required.

Tree of Life sculpture by Sarah Dilley

Each leaf will have space for a full name, date of birth and date of death and a message of approximately 30 characters (including space between words) depending on the choice of layout.

In order to maximise space for engraving, the date format is either the years eg 1936 – 2011 or d.m.full year eg 4.2.1944 – 10.12.2013

The leaf is approximately 10 cms across at the widest point and will be attached to a branch of the sculpture in perpetuity.
