Building Project Update No. 6

Progress – There has been significant progress over the last few weeks. The underfloor heating engineers have finished laying all the heating pipes and the system has been pressure tested. This week the limecrete is being poured over the floor. This will cure over the Christmas break ready for the York stone slabs to be laid in January. The timing for the laying of the limecrete is critical to allow it to dry over Christmas and we are really pleased that the project is running on schedule.

Chair Sponsorship – this is a unique opportunity to commemorate a loved one, family member, individual or group. Small plaques with a dedication will be placed on the new Trinity chairs. Full details and an application form are available from Carolyn in the church office (c.alexander@stpeterschurch.uk.com / 01727 855485) or on our website www.stpeterschurch.uk.com/spring

Church on the Move – We continue to worship with Marlborough Road Methodist Church over Christmas. Our Christmas services will follow a very similar pattern to previous years but some will take place in the Octagon while our larger services will be held at MRMC. An additional event is carol singing outside St Peter's on Wednesday 20 December at 5pm. Do come along to enjoy singing together and some seasonal refreshments afterwards. For full details of our Christmas services please see our website. www.stpeterschurch.uk.com/christmas

Fundraising – Recently we reached the third step on our fundraising thermometer which is £45k. Thank you to everyone who has helped us get to this point either through donations, chair sponsorship, attending events, selling cakes or plants and the many other ways people have raised funds. Our target to cover the fundraising gap is £150k for this project. Please consider how you can support this and see details of our next fundraising event below.

All pledges will be very gratefully received. You can donate using the QR code or please contact Peter Court our Stewardship Officer on peter.e.court@gmail.com

Events – We have an exciting event coming up to raise funds for SPRING.

Beetle Drive Evening – Friday 2 February at 7.30pm in the Octagon (please reserve your tickets (£12) from the church office mail@stpeterschurch.uk.com). More information coming soon on our website and weekly notice sheet.
